## Ganesh Utsav-

One of the most favorite festival of India, celebrated with utmost joy and enthusiasm. What better example can we have of the celebration than the one celebrated in SAI BALAJI EDUCATION SOCIETY. And for this, the entire credit goes to our Founder President, Prof. Manish R, Mundada, and our hardworking team of committee members for their sleepless dedication.

Truly, their hardwork had definitely paid off. This is the reason why we ended up having a blast over here for these days, starting from *Bhajan* on the very first day to *Dweep Prajwalan* on the second day where students had made beautiful *rangolis*, which further added to the beauty of the environment. Then came the most joyous part of the celebration, THE FUN FARE, where students managed to prepare finger licking food items like *pani-puri*, *rasgulla chat*, mocktails, ice-creams and what not! The delicacies were accompanied by some of the games. And just for the notice, the faculties and the seniors were equally participative and enthusiastic in the games and needless to mention the food stalls too.

And in the end, came a very special day, the last day of the celebration, which made us emotional as that was the day for the immersion of the idol ! In spite of that ,the celebration was at it's full peek. The immersion followed the *bhandara* and *dhol* by Padamanabh group.

And finally, with heavy hearts, lots of prayers and high hopes of having the same kind of celebration in the upcoming years, we bid goodbye to our GANPATI BAPPA!!!!

He was Chief General Manager and Regional Director of Reserve Bank of India (RBI), Dean, Academics, IMT Ghaziabad, Secretary General Apparel Export Promotion Council, World Bank Consultant at Washington D.C.

**Teacher's Day Celebration**

**“GURU BRAMHA GURU VISHNU  
GURU DEVA MAHESHWARA  
GURU SAKSHA PARAM BRAMHA  
TASMAI SHRI GURUVE NAMAHA.”**

As it is truly said.... Teachers play a very crucial role in student life. They have the greatest contribution to build up the character of students and help them to become ideal citizen for the country. So our country every year on 5<sup>th</sup> September celebrate teacher's day on the occasion of birthday of Dr. Sarvepalli Radhakrishnan, to pay respect to the teachers.

**Sai Balaji Education Society** celebrated teachers' day like every year.

The decoration on that day was fabulous which shows the creativity of students.

The second phase of celebration started with ribbon cutting ceremony by Prof. Manish Mundada followed by Saraswati vandana. After vandana, started the felicitation of teachers.

The most awaited part of celebration was cultural programs by students, students performed song, dance and mime act.

First activity was song sung by RV, Shrijha & group they all took everyone to 70's with old melodies, all teachers as well students enjoyed it a lot.

The mime act was performed by G. Jyoti and group with a social message

**“NO GIRL NO LIFE”**

Kriti & group came with a very heart touching dance performance on “**SHREE GANESHA**” the choice of some was very appropriate for the occasion as it was Ganesh Chaturthi too.

**RAYS OF GUIDANCE ;  
Workshop for students**

To sharpen the skills of senior students SBES organised a 3 days' workshop on Group Discussion and Personal Interview by the renowned motivational Guru, Mr. Minocher Patel. The workshop which started from 3<sup>rd</sup> Sept and ended on 7<sup>th</sup> Sept was aiming at polishing the students and making them ready for the placement season which is going to start soon.

**student speaks**

No matter how many good plans we have, no matter how much well prepared we are, no matter how much firm we are on our decision but sometimes we need rays of guidance for various matters in order to achieve our goals and ambitions. As we all know nowadays competition is becoming tougher day by day and to not only survive but also to be a winner one

must have certain unique things in them or need to perform their task in a unique way.

Finally placement season is going to start for second year PG batch of our institute. The season for which every PG student waits eagerly. Students are going through the bag of mixed feelings you name it and it must have been felt by them. Everyone aimed at high target and also preparing well, but no preparation is complete without the correct guidance.

Our Institute arranged a 3 days GDPI workshop of Mr. Minocher Patel- India's leading motivational speaker and for this all the credit goes to founder president of our Institute Prof Manish R. Mundada. Our 3 days' workshop started on 3<sup>rd</sup> Sept 2016, it was started well on a brief note with the importance of our grooming, gaining as much as knowledge possible, staying updated what's happening in India and around the world and the most important thing which is always easy to say but normally people are not able to do it is staying positive and calm always. These 3 days were full of rays of guidance which we all students needed for our placement. We got all the guidance from step 1 that is how to make your mark in Group Discussion to how to enter and exit from the interview room.

Well, if someone asks me how was your experience of this workshop, then I will say yes it was a life changing experience as we all learn a lot about the selection process, how we should speak, what should we say and how much to say and the most important thing staying positive as it gives our brain the full space to think creatively which is very important during the selection process. We had GD and PI both involving every student present in the workshop and also got many points to

know where we should improve and what all thing we should do.

I think every student will agree with me that this workshop was very helpful for us and those who missed it actually missed a lot. In total, it was a nice experience. So hereby I Rukkaiya Khatoon would like to sign off with a note

“be tough emotionally and be so full of positive attitude that only positive things get attracted to you.”

**Rukkaiya Khatoon**  
**MBA, IIMHRD (2015-2017)**
