2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

IIMS has an efficient examination and evaluation process. The examination department of the institute is fully dedicated to conduct the exams in the most efficient manner and ensures effective exam conduct.

- The Institute followed evaluation pattern of 50marks for internal evaluation and 50 marks for final examination.
- The institute follows case-based evaluation system for third and fourth semester.
- All internal question papers are set by the college faculty and end semester examination question papers are selected from the given set of 3 papers by the concern faculty after consultation with the concerned HODs of the respective departments.
- The question paper carries short answer type questions and the long answer type questions with internal choice to test the skills of the student; it also motivates the students to prepare for the entire syllabus and discourages selective study. Practical examinations are conducted every semester.

Exam Management System: The exam management system is formulated to systematically evaluate student's progress in the program based on AICTE Guidelines. The evaluation consists the following two components;

- Continuous Evaluation; and
- End-Term Examination

Continuous Evaluation carries 50% of the total marks allotted to a subject, and the other 50% being assigned to the Term-end examination.

Continuous Evaluation System: Continuous Evaluation or Internal assessment marks (50 marks) are divided into various assessment parameters by the concern faculty as per the subject requirement. Internal assessment marks are submitted to the concerned HOD who, after reviewing the same submit to the controller of exams for consideration in the final mark sheet.
